* Forest Service will provide locally adapted seed. Purchaser agrees to make a Co-Operative Deposit for this seed in the amount of \$10.42 per pound of seed issued and not returned.

- 1/ For sales in Oregon, the seed shall meet the State certification specifications. Seed must be packaged in containers carrying official certification labels sewn in, glued to, or printed upon the container, with the following information:
 - 1. Variety (if certified as to variety) and kind.
 - 2. Quantity of seed (pounds or bushels).
 - 3. Class of certified seed (blue tags for certified seed).
- 4. Inspection or lot number traceable to the certifying agency's records.

For sales in Washington, the seed shall be labeled as "Prohibited and Restricted Noxious Weed Free for the State of Washington." The purchaser shall furnish a copy of the seed analysis.

For state of California lands in Region 6, seed must be certified by the state of California, or by an independent agency or company that is approved by the state of California for "prohibited and restricted noxious weed free for the state of California."

For mixtures of seed, each ingredient in excess of 5 percent must be listed with its percentage by weight and its germination percentage.

Legumes must be innoculated with nitrogen fixing bacteria before planting. The label must show the expiration date of the innoculant.

- All seed treated with a fungicide or pesticide must be labeled that it is "treated" giving the name of the chemical used, and an appropriate warning or a caution statement.
- $\underline{2}/$ Fertilizer shall be a standard commercial fertilizer with guaranteed analysis of contents clearly marked on containers.
- $\underline{3}/$ Mulch shall meet the appropriate State's certification specifications, with evidence of its certification traceable to the certifying agency's records.
